AP-16

The Allen Protégé Series

These exciting new instruments offer legendary Allen sound at unbelievable prices.

Superior Sound - Incomparable pipe sound has made Allen the overwhelming choice of customers throughout the world. The AP-16 includes Allen's proprietary **Renaissance™ Technology** for sound that rivals Compact Disc quality. No other technology matches Allen's performance and versatility.

Lumitech Capture™ - Introducing the world's first lighted capture system good enough to carry the Allen name. **Lumitech Capture™** provides an economical alternative to the premium moving capture system found in Allen Renaissance™ models and fine pipe organs. Using innovative high-intensity LED (light emitting diode) technology, Lumitech Capture™ offers reliability and durability that surpass other lighted capture systems.

The Protégé AP-16 also includes **Sealed Key Contacts** for superior reliability and trouble-free maintenance, and quality **Wood Key Sticks** as found in fine pipe organs and pianos.
